

HOW WE OPERATE

The UndiMsia! D-I-Y TOOLKIT

A specially-formulated info pack created on four core pillars:

INFORMATION

Supporting the need for accurate user-friendly information on key civil, political and socio-economic rights that affect every aspect of young Malaysian life, and disseminating the information through infographics, videos and gameshops.

PROCESS

Facilitating young Malaysians in their engagement with elected representatives (and community leaders), for example, on how to:

- identify issues in election campaigns and to vote based on those issues;
- ensure that elected representatives give young Malaysians and their communities what they are owed and what they are promised during election campaigns; and
- address representation shortcomings.

ACTION

Organising and mobilising young Malaysians to take action as they deem fit through the development of Youth Action Groups (YAGs) in their communities.

PLATFORM

Providing a platform that co-opts the support and involvement of other education-based civil-society organisations/initiatives to complement and complete a menu of user-friendly information available for dissemination to all Malaysians.

HOW DO I JOIN?

Email us move@UndiMsia.com with your name, handphone number and email address OR meet our team every Saturday #UndiMsia!Chats @PusatRakyatLB from 11am to 12pm

Why Act?

Information is power, and with the correct skills, young Malaysians are better equipped to ask the right questions and lead this country.

The youth are the future of Malaysia, and you now have the chance to shape your own future.

You will be part of a Youth Action Group (YAG) in your community who will assist people to improve their lives, and yours. YAGs will appear all over the country as UndiMsia! moves.

100% PARTISAN FREE

UndiMsia! is a *fiercely* non-partisan, young citizen movement. UndiMsia! works with anyone who supports our work and initiatives. The intention is not to unseat any political party from power or install any political party to power.
